MARKET ACCESS (referred to hereinafter as the "Fund"), is a Luxembourg open-ended investment company with variable share capital, sponsored by China Post Global (UK) Limited incorporated on October 31, 2000 for an unlimited period as a public limited company (société anonyme) under the name "Unifund" and organised in accordance with the provisions of Part I of the Law of December 17, 2010, as amended (the "2010 Law") on undertakings for collective investment (UCIs). The Fund has appointed FundRock Management Company S.A. to act as management company of the Fund under Chapter 15 of the 2010 Law (the "Management Company").

The articles of incorporation of the Fund (the "Articles") have been filed with the Luxembourg Trade and Companies' Register (where they are available to the public or from where a copy may be obtained) and they have been published for the first time in the "Mémorial C, Recueil des Sociétés et Associations" on December 8, 2000. The Articles have been lastly amended on May 5, 2017 and the amendments were published in the RESA (Recueil électronique des sociétés et associations) on May 19, 2017.

The list of the funds managed by the Management Company, may be obtained, on simple request, at the registered office of the Management Company.

The Fund works as an umbrella fund, which means that it is comprised of Sub-Funds, each of which represents a specific class of assets and liabilities (the "Sub-Funds").

All of the following Sub-Funds are open to subscription.

In order to realise the investment objective outlined below, the assets of the following Sub-Funds (disclosed with their defined index),

MARKET ACCESS NYSE ARCA GOLD BUGS INDEX UCITS ETF - NYSE ARCA Gold BUGS Index

MARKET ACCESS ROGERS INTERNATIONAL COMMODITY INDEX UCITS ETF - Rogers International Commodity Index⁰

were managed as follows:

The objective of each Sub-Fund is to replicate, as far as possible, the performance of the defined index (the "Index"). In order to gain exposure to the Index, each Sub-Fund will use a method of synthetic replication of the Index.

It is intended that each Sub-Fund's assets will be invested mainly in equities and other securities classed as equities, Money Market Instruments, money market funds, negotiable debt instruments and debt or interest rate instruments, synthetic Money Market Instruments (i.e. equities and/or fixed income securities which performance is exchanged against Money Market Instruments linked performance), bonds and other debt instruments.

The Sub-Fund may also use management techniques and instruments available to UCITS, such as repurchase agreements, securities lending and borrowing.

On an ancillary basis, the Sub-Fund may also hold cash.

In order to realise its investment objective outlined above, each Sub-Fund entered into a performance swap agreement (the "Swap Agreement") with Barclays Bank plc (the "Swap Counterparty"), denominated in either Euro or US Dollars. Through such Swap Agreement, each Sub-Fund will exchange the total return of the performance of its portfolio against payment by the Swap Counterparty of the performance of the Index.

The Swap Agreement's notional amount will be adjusted when subscriptions or redemptions are received by the Sub-Fund and, where applicable, in case of movements on the securities portfolio.

The transactions above will be carried out in strict compliance with the applicable regulations and the investment restrictions applicable to the Sub-Fund.

The MARKET ACCESS STOXX⁰CHINA A MINIMUM VARIANCE INDEX UCITS ETF (the "China MV Sub-Fund")'s objective is to replicate, as far as possible, the performance of the STOXX⁰ China A 900 Minimum Variance Unconstrained AM Index (the "China MV Index" or the "Index").

In order to gain exposure to the China MV Index, the China MV Sub-Fund will use a method of either physical replication or synthetic replication of the China MV Index. The method effectively used will be disclosed in the monthly fact sheets available at www.marketaccessetf.com.

In seeking to achieve its investment objective, the China MV Sub-Fund will aim to invest in the constituents of the Index in generally the same proportions in which they are included in the Index as of the launch date of the China MV Sub-Fund.

Notes to the Financial Statements as at June 30, 2020 (continued)

1. General (continued)

This is expected to involve investing primarily in onshore RMB (i.e. CNY) denominated equity securities issued by issuers based in, or having a significant exposure to, the People's Republic of China ("PRC"), excluding Hong Kong, Macao and Taiwan ("Mainland China"), as further described below.

The Investment Manager intends investing directly into China A-Shares listed on the Shanghai Stock Exchange and/or the Shenzhen Stock Exchange using the Shanghai-HongKong and Shenzhen-Hong Kong Stock Connect programmes (as further described in the Prospectus in sub-section (iv) of section (e) Risk Considerations).

There may be circumstances when it is not possible or practicable for the China MV Sub-Fund to invest in all constituents of the Index. Such circumstances may include (but are not limited to): (i) a limited availability of the Index constituents; (ii) trading suspensions on constituents of the Index; (iii) cost inefficiencies; (iv) if the assets under management of the China MV Sub-Fund are relatively small, or (v) where there are internal or regulatory driven trading restrictions (as detailed in the Prospectus under Section 5 (Investment Restrictions) and in sub-section (iv) of section (e) Risk Considerations) that apply to the China MV Sub-Fund, the Management Company and/or the Investment Manager but not the Index.

If the China MV Sub-Fund's assets fall below a size whereby the Investment Manager considers it is not possible and/or practicable to maintain a fully replicated strategy, the Investment Manager may reduce exposure to certain securities in the Index, but will aim to ensure that the China MV Sub-Fund's portfolio of assets will replicate the returns of the Index as far as possible. However, in such circumstances, the China MV Sub-Fund may not take exposure to all securities in the Index on the basis that the Index contains too many securities to efficiently purchase and/or, at times, certain securities included in the Index are difficult to purchase on the relevant markets in the required size or for other reasons.

The Fund may use derivative instruments, including, but not limited to, swaps, futures, forwards, foreign exchange contracts (including spot and forward contracts), equity options, contracts for difference, certificates, notes and warrants which may be used to reduce tracking error between the China MV Sub-Fund's performance and that of the Index. These instruments may be used for efficient portfolio management and/or investment purposes. The primary policy of the China MV Sub-Fund is to acquire securities included in the Index, as described above, but derivative instruments may be used where the direct holdings of securities may not be possible or where tracking error can be better minimised by using derivative instruments.

2. Summary of significant accounting policies

a) Presentation of the financial statements

The financial statements are prepared in accordance with Luxembourg regulations relating to undertakings for collective investments.

The financial statements are presented on the basis of the latest net asset value calculated at the end of the financial period. In accordance with the prospectus, the net asset values were calculated using the latest exchange rates known at the time of calculation.

b) Combined

The combined statement of net assets and statement of changes in net assets are expressed in Euro (EUR).

c) Valuation of investments in securities

Securities listed on an official stock exchange or dealt in on a Regulated Market are valued on the basis of the last known price in Luxembourg on the Valuation Date and, if this security is traded on several markets, on the last known price of the market considered to be the principal market for these securities. If the last known price is not representative, the valuation is based on the probable realisation value estimated by the Board of Directors with due care and in good faith. Securities not listed on an official stock market or dealt in on a Regulated Market are valued on the basis of the probable realisation value estimated by the Board of Directors conservatively and in good faith.

d) Valuation of Forward Exchange Contracts

The liquidating value of forward exchange contracts not traded on exchanges or on other regulated markets shall mean their net liquidating value determined, pursuant to the policies established by the Board of Directors, on a basis consistently applied for each different variety of contracts. The liquidating value of forward exchange contracts traded on exchanges and regulated markets shall be based upon the last available settlement prices of these contracts on exchanges and regulated markets on which the particular forward exchange contracts are traded by the Fund; provided that if a forward exchange contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors may deem fair and reasonable.

2. Summary of significant accounting policies (continued)

e) Valuation of Swaps

Index or financial instrument related swaps are valued at their market value established by reference to the applicable index or financial instrument. The valuation of the swap agreement - related to the index or a financial instrument - is based upon the market value of such swap transaction, which is subject to parameters such as the level of the underlying index, the interest rates, the equity dividend yields and the estimated index volatility.

For the avoidance of doubt, in exceptional circumstances where some of the prices of the underlying constituents of an index are stale because the relevant markets on which they are traded are closed for trading or because of a market disruption event or a suspension in trading on a given day, the valuation of such swap referencing the index may be adjusted to reflect the next available live prices for the affected constituents. This adjusted swap valuation will be determined by the Pricing Agent(s) and verified by the Investment Manager and the Central Administrative Agent.

f) Net realised gain or loss on sales of investments

Realised gains or losses on sales of investments are calculated on the basis of average cost of the investments sold.

g) Net realised gain or loss on swaps

The net realised gain or loss on sale of swaps is determined on the basis of the average cost of swaps sold.

h) Conversion of foreign currencies

The accounting records and the financial statements of each Sub-Fund are expressed in the respective currencies of the Sub-Funds as mentioned in the statements (EUR, JPY and CNH). Bank accounts, other net assets and market value of the investments in securities expressed in currencies other than EUR are converted into EUR at the rates of exchange prevailing at period-end. Income and expenses in currencies other than EUR are converted into EUR at the rate of exchange prevailing at payment date.

Exchange rates used as at June 30, 2020:

1 EUR =	1.064241 CHF
1 EUR =	7.938129 CNH
1 EUR =	7.945261 CNY
1 EUR =	121.171027 JPY

i) Cost of investments in securities

Cost of investments in securities in currencies other than Sub-Fund currency is converted into EUR, JPY, CHF and CNY at the exchange rate applicable at purchase date.

j) Formation expenses

The Fund bears the upfront costs, including the cost of drawing up and any other costs relating to the incorporation and launch of the Fund. These costs are charged to the initial Sub-Fund immediately upon launching (no amortisation). For all active Sub-Funds, the start up costs have been borne by the Sponsor.

3. Service agent fees (continued)

These service agent fees are calculated on the average of net assets of the Sub-Funds and payable on a quarterly basis.

All these fees are disclosed under the caption "Service Agent fees" in the Statement of Changes in Net Assets for the period ended June 30, 2020.

The Depository Bank fees are charged out of the assets of the relevant Sub-Fund of the Fund in accordance with normal practice in Luxembourg⁽¹⁾ and included in the Service Agent fee as detailed here above.

⁽¹⁾Depository Bank fees mainly composed of safe custody charges as detailed here below:

- 0.025% p.a on the net assets up to EUR 50 mio;
- 0.020% p.a on the net assets between EUR 50 mio and EUR 100 mio;
- 0.015% p.a on the net assets over EUR 100 mio;
- with a minimum of EUR 20,000 for the entire Fund.

Fees are calculated quarterly in arrears on the average of net assets calculated at the frequency of each Net Asset Value calculation.

4. Taxation

Subscription tax

The Sub-Funds are as a rule liable in Luxembourg to a subscription tax (taxe d'abonnement) of 0.05% per annum of their net asset value as set out in the relevant Sub-Fund's Particulars. Such tax is payable quarterly at the end of the relevant quarter and is calculated on the basis of the aggregate net asset value of the Sub-Funds at the end of the relevant calendar quarter. No such tax is payable on the value of assets which consist of units or shares of other Luxembourg funds that have already been subject to such tax. No Luxembourg tax is payable on the realised capital appreciation of the assets of the Sub-Fund.

However, an exemption from such subscription tax is available to the relevant Sub-Fund(s), namely, those:

- (a) whose securities are listed or traded on at least one stock exchange or another regulated market operating regularly, recognised and open to the public; and
- (b) whose exclusive object is to replicate the performance of one or more indices (as these terms are interpreted under applicable Luxembourg regulations) on the basis of Article 175(e) of the 2010 Law.

The application of such exemption is based on regulatory and tax provisions as these are known to the Board of Directors at the time of this Prospectus. Such assessment is subject to such changes in the Luxembourg legal, regulatory and tax provisions by any competent Luxembourg authority as will exist from time to time. Furthermore, other exemptions or reduction of the applicable rate (i.e. 0.01% per annum) are available under the conditions of Articles 174 and 175 of the 2010 Law. Any change in the status of an investor may subject the entire relevant Sub-Fund(s) to a subscription tax at the rate of 0.05%.

Income tax

Under current law and practice, the Fund is not liable to any Luxembourg tax on profits or income.

Value added tax

The Fund is considered in Luxembourg as a taxable person for value added tax ("VAT") purposes without any input VAT deduction right. A VAT exemption applies in Luxembourg for services qualifying as fund management services. Other services supplied to the Fund could potentially trigger VAT and require the VAT registration of the Fund in Luxembourg as to self-assess the VAT regarded as due in Luxembourg on taxable services (or goods to some extent) purchased from abroad.

No VAT liability arises in principle in Luxembourg in respect of any payments by the Fund to its shareholders, to the extent that such payments are linked to their subscription to the Fund's shares and do not constitute the consideration received for taxable services supplied.

4. Taxation (continued)

US Foreign Account Tax Compliance Requirements ("FATCA")

The FATCA provisions are contained in the Hiring Incentives to Restore Employment Act (the "Hire Act"), which was signed into U.S. law on March 18, 2010. These provisions are U.S. legislation aimed at reducing tax evasion by U.S. citizens. It requires financial institutions outside the U.S. ("foreign financial institutions" or "FFIs") to report information about financial accounts held by specified U.S. persons to the Internal Revenue Service (the "IRS") on an annual basis.

A 30% withholding tax is imposed on the U.S. source income (including dividends and interests) of any FFI that fails to comply with this requirement. This regime will become effective in phases between January 1, 2014 and January 1, 2017.

Generally, non U.S. funds, such as the Fund, will be FFIs and will need to enter into FFI agreements with the IRS unless they qualify under the FATCA rules as "deemed-compliant" FFIs, or, if subject to a model 1 intergovernmental agreement (the "IGA"), they comply with their local country IGA. IGAs are agreements between the US and foreign jurisdictions to implement FATCA compliance.

On March 28, 2014, the Government of the United States of America and the Government of the Grand Duchy of Luxembourg entered into an IGA to "Improve International Tax Compliance and with respect to The United States information reporting provisions commonly known as the Foreign Account Tax Compliance Act" (the "Luxembourg Model 1 IGA").

The Luxembourg Model 1 IGA was approved by way of legislation on July 24, 2015.

The Fund qualifies as a "Collective Investment Vehicle" within the meaning of Annex II section IV paragraph D of the Luxembourg Model 1 IGA, to the extent that all of its shares are "held by or through Financial Institutions that are not Nonparticipating Financial Institutions", as such terms are defined under the Luxembourg Model 1 IGA.

In accordance with the Luxembourg Model 1 IGA, Collective Investment Vehicles are treated as Non-Reporting Luxembourg Financial Institutions that shall be treated as deemed-compliant FFIs for purposes of section 1471 of the U.S. Internal Revenue Code.

In order to ensure that the Fund can maintain its classification as a Collective Investment Vehicle for the purposes of FATCA, any natural person shall be deemed to be a Prohibited Person and, therefore, will not be able to invest directly into any Sub-Fund.

Common Reporting Standard

The Fund may be subject to the Standard for Automatic Exchange of Financial Account Information in Tax matters (the "Standard") and its CRS as set out in the Luxembourg Law of December 18, 2015 on the automatic exchange of financial account information in the field of taxation law (the "CRS Law").

Under the terms of the CRS Law, the Fund expects to be treated as a Luxembourg Non-Reporting Financial Institution (specifically as an "Exempt Collective Investment Vehicle" within the meaning of Annex I Section VIII B9 of the CRS Law) to the extent that all of the shares in the Fund are held by or through Financial Institutions located in CRS participating jurisdictions as defined in the CRS Law. As a result any share of the Fund acquired through or held by a Prohibited Person may cause the Fund to be in breach of the CRS Law.

To ensure that the Fund regularly satisfies these restrictions, potential and existing investors on the primary market may be requested to provide additional information to the Administrative Agent or the Fund, along with the required supporting documentary evidence, so that the Fund is able to satisfy its due diligence obligations under the CRS Law. This information, as exhaustively set out in Chapter 1 Article 4 of the CRS Law (the "Information"), may include personal data related to certain investors.

In this context, Primary Authorised Participants (or other eligible Institutional Investors in case of unlisted share classes) are hereby informed that, as data controller, the Fund will process the Information for the purposes as set out in the CRS Law. Such shareholders have a right to access any personal data related to them as contained in the Information and to request rectification of such personal data if they are inaccurate and/or incomplete. For these purposes, the relevant shareholders may contact the Fund in writing at the Administrative Agent's address mentioned on page 3 of this Prospectus.

In particular, Primary Authorised Participants (or other eligible Institutional Investors in case of unlisted share classes) undertake to inform the Administrative Agent or the Fund within thirty (30) days of receipt of these statements if any Information as contained in these statements is not accurate.

Such shareholders further undertake to promptly inform the Administrative Agent or the Fund of and provide them with all supporting documentary evidence of any changes related to the Information.

Any Primary Authorised Participant (or another eligible Institutional Investors in case of unlisted share classes) that fails to comply with the Fund's documentation or Information requests may be subject to liability for penalties imposed on the Fund and attributable to such shareholder's failure to provide the Information under the terms of the applicable law.

4. Taxation (continued)

Financial Transaction Taxes

A number of jurisdictions have implemented, or are considering implementing, certain taxes on the sale, purchase or transfer of financial instruments (including derivatives), such taxes commonly known as the "Financial Transaction Tax" ("FTT"). By way of example, the EU Commission adopted a proposal on February 14, 2013 for a common Financial Transaction Tax (the "Draft Directive") which will, subject to certain exemptions, affect:

(a) financial transactions to which a financial institution established in one of the 10 participating member states (Austria, Belgium, France, Germany, Greece, Italy, Portugal, Spain, Slovakia and Slovenia (the "Participating Member States")) is a party; and

(b) financial transactions in financial instruments issued in a Participating Member State regardless of where they are traded. It is anticipated that the EU FTT will apply from June 30, 2016.

In addition, certain countries such as France and Italy have implemented their own financial transaction tax provisions at a domestic level already and others, including both EU and non-EU countries, may do so in the future.

The imposition of any such taxes may impact the Sub-Funds and their respective performance in a number of ways and notably as follows:

(c) where a Sub-Fund enters directly into transactions for the sale, purchase or transfer of financial instruments, FTT may be payable by this Sub-Fund and the net asset value of this Sub-Fund may be adversely impacted;

(d) where underlying funds enter into transactions for the sale, purchase or transfer of financial instruments, FTT may be payable by the underlying funds and the net asset value of such underlying funds may be adversely impacted, which may in turn adversely affect the net asset value of the relevant Sub-Funds;

(e) subscriptions, transfers and redemptions of the Fund's shares may be affected by FTT.

The Draft Directive is still subject to negotiations among the Participating Member States and therefore might be changed at any time. Moreover, the provisions of the Draft Directive once adopted (the "Directive") need to be implemented into the respective domestic laws of the Participating Member States and the domestic provisions implementing the Directive might deviate from the provisions contained in the Directive. Prospective investors should consult their own tax advisers in relation to the consequences of any FTT associated with subscribing, purchasing, holding and disposing of shares in Sub-Funds.

Other taxes

No stamp duty or other tax is generally payable at a proportional rate in Luxembourg on the issue of shares. Any amendment of the articles of incorporation of the Fund is generally subject to a fixed registration duty of EUR 75.

The Fund may be subject to withholding tax or other taxes on dividends and interest and to tax on capital gains in the country of origin of its investments. Those taxes may not be recoverable by the Fund in Luxembourg.

Luxembourg tax residency of the shareholders

A shareholder will not become resident, nor be deemed to be resident, in Luxembourg by reason only of the holding and/or disposing of the shares or the execution, performance or enforcement of his/her rights thereunder.

Income tax

Luxembourg resident shareholders

A Luxembourg resident shareholder is not liable to any Luxembourg income tax on reimbursement of share capital previously contributed to the Fund.

Luxembourg resident individuals

Dividends and other payments derived from the shares by a resident individual shareholder, who acts in the course of the management of either his/her private wealth or his/her professional/business activity, are subject to income tax at the ordinary progressive rates.

MARKET ACCESS

Notes to the Financial Statements as at June 30, 2020 (continued)

4. Taxation (continued)

Capital gains realised upon the disposal of the shares by a resident individual shareholder, who acts in the course of the management of his/her private wealth, are not subject to income tax, unless said capital gains qualify either as speculative gains or as gains on a substantial participation. Capital gains are deemed to be speculative and are thus subject to income tax at ordinary rates if the shares are disposed of within six (6) months after their acquisition or if their disposal precedes their acquisition. A participation is deemed to be substantial where a resident individual shareholder holds or has held, either alone or together with his spouse or partner and/or minor children, directly or indirectly at any time within the five (5) years preceding the disposal, more than ten percent (10%) of the share capital of the company whose shares are being disposed of. A shareholder is also deemed to alienate a substantial participation if he acquired free of charge, within the five (5) years preceding the transfer, a participation that was constituting a substantial participation in the hands of the alienator (or the alienators in case of successive transfers free of charge within the same five-year period). Capital gains realised on a substantial participation more than six (6) months after the acquisition thereof are taxed according to the half-global rate method (i.e. the average rate applicable to the total income is calculated according to progressive income tax rates and half of the average rate is applied to the capital gains realised on the substantial participation). A disposal may include a sale, an exchange, a contribution or any other kind of alienation of the participation.

Capital gains realised on the disposal of the shares by a resident individual shareholder, who acts in the course of the management of his/her professional/business activity, are subject to income tax at ordinary rates. Taxable gains are determined as being the difference between the price for which the shares have been disposed of and the lower of their cost or book value.

Luxembourg resident companies

A Luxembourg resident company (*société de capitaux*) must include any profits derived, as well as any gain realised on the sale, disposal or redemption of shares, in their taxable profits for Luxembourg income tax assessment purposes.

Luxembourg residents benefiting from a special tax regime

Shareholders who are Luxembourg resident companies benefiting from a special tax regime, such as (i) undertakings for collective investment governed by the 2010 Law as amended; by the law of February 13, 2007 on specialised investment funds, as amended; by the law of March 26, 2012, as amended and by the law of May 11, 2007 on family wealth management companies, as amended, are income tax exempt entities in Luxembourg, and profits derived from the shares are thus not subject to Luxembourg income tax.

Luxembourg non-resident shareholders

A non-resident, who has neither a permanent establishment nor a permanent representative in Luxembourg to which or whom the shares are attributable, is not liable to any Luxembourg income tax on income received and capital gains realised upon the sale, disposal or redemption of the shares.

A non-resident company which has a permanent establishment or a permanent representative in Luxembourg to which the shares are attributable, must include any income received, as well as any gain realised on the sale, disposal or redemption of shares, in its taxable income for Luxembourg tax assessment purposes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price and the lower of the cost or book value of the shares sold or redeemed.

Net wealth tax

A Luxembourg resident, as well as a non-resident who has a permanent establishment or a permanent representative in Luxembourg to which the shares are attributable, are subject to Luxembourg net wealth tax on such shares, except if the shareholder is (i) a resident or non-resident individual taxpayer, (ii) an undertaking for collective investment governed by the 2010 Law, (iii) a securitization company governed by the law of March 22, 2004 on securitization, (iv) a company governed by the law of June 15, 2004 on venture capital vehicles, (v) a specialised investment fund governed by the amended law of February 13, 2007 or (vi) a family wealth management company governed by the law of May 11, 2007.

Other taxes

Under Luxembourg tax law, where an individual shareholder is a resident of Luxembourg for tax purposes at the time of his/her death, the shares are included in his or her taxable basis for inheritance tax purposes. On the contrary, no inheritance tax is levied on the transfer of the shares upon death of a shareholder in cases where the deceased was not a resident of Luxembourg for inheritance purposes.

Gift tax may be due on a gift or donation of the shares, if the gift is recorded in a Luxembourg notarial deed or otherwise registered in Luxembourg.

5. Changes in the composition of the portfolio

8. Events occurred during the period

The Covid-19 pandemic has had no material operating impact on the Fund to date. All of its key service providers, including the Management Company, Administrator, Depositary, Investment Manager and Auditor, invoked their business continuity procedures in March or early April, and continued operating at normal capacity. All Sub-Fund NAVs have been calculated and published daily throughout the period, and all Sub-Funds have remained open for dealing. Daily risk & compliance controls have been carried out as normal throughout the reporting period.

During H1 2020, the coronavirus Covid-19 pandemic has had a severe social and economic impact on most countries worldwide - including Europe and the US. As the ongoing global pandemic continues, it is not possible at present to provide a definitive assessment of its full impact on the Fund, its Sub-Funds, and the companies and other investments in the Sub-Funds' portfolios. However, there is growing evidence of Covid-19 having a severe impact on economies worldwide. Both the US and the Eurozone have recorded record falls in GDP for Q2 2020.

There was a sharp correction in global equity markets in March/April, and a large increase in daily volatility. By July 2020 some markets, notably the US, had returned to their pre-March levels, but most other major equity markets remained significantly below their pre-pandemic levels. The Board, the Management Company and the Investment Manager continue to monitor closely the efforts of governments and central banks to contain the spread of the virus and mitigate its economic impact, and to monitor closely the economic impact on the investments held by the Fund and its Sub-Funds.
